

ENGAGE WITH CHINA

● ● JAN-DEC 2022 ● ●

# ANNUAL HIGHLIGHTS

We are proud of a number of firsts this year; we ushered in the year of the Tiger with the launch of our annual international ModelUN for 6th formers & have been working with the Museum of Royal Worcester developing resources & community outreach around tea, porcelain & the story of International trade. We won a Kings' Civic Challenge Award working with undergraduates & gave HRH Princess Alexandra a Chinese name. Plus we engaged with another 1000+ pupils across KS1 – KS5 through China Challenge Days & lectures. More below...

**GOOD COP BAD COP:** Our first Model UN with host and partner school, The Grange, Cheshire, was a resounding success and kickstarted Chinese New Year 2022. Involving 15 schools from across the globe including China and Australia, students ran a high calibre debate on the key resolutions from COP26. Working in multiple time zones and from different cultural perspectives and using English as the language of the conference, pupils experienced “global education as a reality!” (Head of 6th form at Marlborough College).

**AS SEEN ON TV:** EwC was featured on CCTV, Chinese mainstream news channel & was viewed by millions of people in October. A great way to showcase our work involving UK schools..

**BRINGING OUT THE BEST IN PUPILS:** Not only have we delivered China Challenge Days to 1000+ pupils this year but teacher feedback tells us that we bring out the best in SEN and otherwise disengaged pupils who love discovering about China and its culture. That's a bonus on top of building literacy and maths skills and developing creativity and global awareness!

**TRADE & EDUCATION:** Our Patron, Sir Vince Cable, former Minister of State for Business, Innovation and Skills, spoke at a fundraising dinner for EwC on the importance of greater China understanding. The event was kindly hosted by City law firm, Wedlake Bell & sponsored by Frankie Tsang, Chair of the Worcestershire Chinese Association.

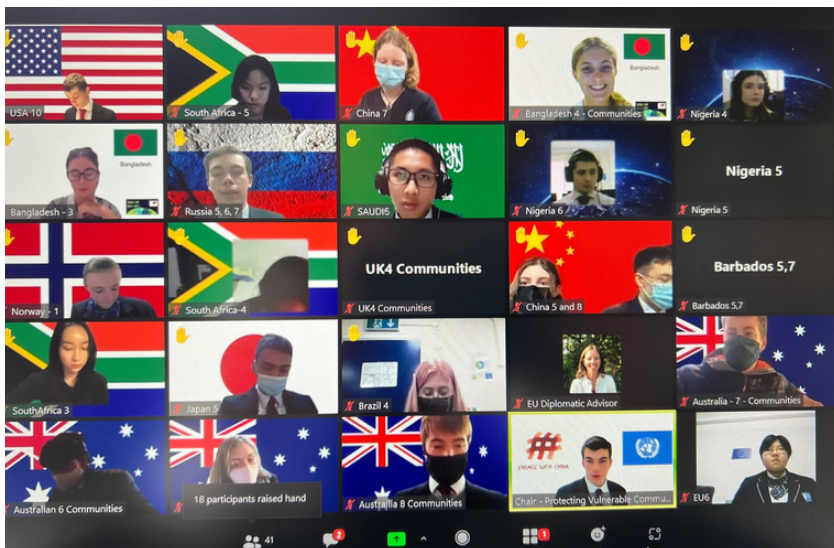

WE HOPE YOU ENJOY YOUR CHINESE TEA ENCLOSED  
BOOK US TO WORK WITH YOUR SCHOOL BEFORE 31/01 & RECEIVE A FREE GIFT

# BUILDING CHINA LITERACY

● ● **in UK SCHOOLS** ● ●

**CUP OF TEA?** The exquisite collection of porcelain at the Museum of Royal Worcester houses a story about international trade, national heritage and the very foundations of the British obsession with tea-drinking. We are delighted to have won a partnership funding bid with the museum to build on archive knowledge and to develop resources for schools to uncover China through china and tea cultures. **BOOK US IN TODAY!**

**WHAT HAPPENED TO ALL THE CABBAGES?** Director, H-J Colston, followed former Archbishop of Canterbury, Rowan Williams, to deliver the 2nd in a series of termly lectures at King's School Worcester in April. Speaking about different cultural perspectives and China's incredible road to modernisation, the audience was intrigued to hear of China's rags – riches modern narrative and the influence it has on the world today.

**CHARITY CONCERT:** 100+ people enjoyed a high calibre night of musical entertainment at a Christmas fundraising event for EWC organised by soprano, Wang Chen, also Artistic Director of Divine Melody Choir. Peace and love were the themes & it was a delightful evening.

**TEACHERS TAKE THE LEAD:** The visionary leadership team at Prince Henry's High School, Evesham, wanted the whole of their Y9s to benefit from China insights. This resulted in our first pilot with their team of teachers delivering our resources around a carousel of activities. AI, innovation and inventions plus a consideration of China's population size and Chinese calligraphy gave a flavour of China's global reach and impact over millennia.

Plenty coming up as we bounce into the Year of the Rabbit! Find out more via Twitter & our website

**MERRY CHRISTMAS & HAPPY NEW YEAR!**  
**圣诞节快乐! 身体健康!**
